Acceptable Technology Use Policy for Members

Responsible Computer Use Guidelines for Members

Boys & Girls Clubs of Chaves and Lincoln Counties ("Club" or "Clubs") computer network and internet access are available to members to enhance their educational experience and help them become literate in an increasingly technological world.

The purpose of this Acceptable Use Policy is to foster the appropriate use of that network, email and the internet. The following guidelines apply to all users, whenever they access any of the Clubs' network connections.

Educational Purpose

The Clubs' network has been established for educational purposes limited to approved activities, school-to-career development and scholastic research on appropriate subjects. The Club has the right to place reasonable restrictions on the material members access or post through the system. Members are expected to follow this Acceptable Use Policy (as well as other Club rules and policies applicable to members) when in the Technology Center or accessing the network.

You should expect only limited privacy and personal files are not to be stored on the Clubs' network. The Club reserves the right to search your files, if there is a reasonable suspicion you violated this Acceptable Use Policy, Club rules and policies, or the law.

Unacceptable Uses and Personal Safety

You must not post personal contact information about yourself or other people. Personal contact information includes (but is not limited to) home, school or work addresses; telephone numbers; and email addresses.

You must never agree to meet with someone you have met online without your parent's approval. A parent or guardian should always accompany you to such meetings.

You must promptly disclose to a Club staff member any message you receive that is inappropriate, or makes you feel uncomfortable.

Illegal Activities

You must not attempt to gain unauthorized access to the Clubs' network, or to any other computer system through the Clubs' network. This includes attempting to log in through another person's account or accessing another person's files. These actions are illegal, even if only for the purpose of "browsing."

You must not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses.

You must not use the Clubs' network to engage in any illegal act, including, but not limited to, arranging for the purchase or sale of alcohol, tobacco or other drugs; engaging in criminal activity; or threatening the safety of another person.

MEMBER DISCIPLINARY POLICY

Progressive Behavior

In the instance where member behavior is not in alignment with code of conduct or other club policies behavior interventions should be used. Staff should begin by meeting with the member and discussing the behavior that should change.

If the behavior does not change, the Unit Director should be notified regarding the continued behavior. Progressive Behavior Intervention is as follows:

- Verbal warning
- 1-day suspension
- 3-day suspension
- 5-day suspension
- Expulsion from the Club is a last resort for repeated behaviors.

There may be conduct violations that are so problematic or harmful that the most effective action be the temporary removal of the member from the Club. BGCCLC reserves the right to combine and skip steps depending on the circumstances of each situation and the nature of the violation. Membership can be suspended without notice.

Suspension of Club Members:

- Program staff may recommend a suspension; however, the Unit Director or designee must approve the suspension.

Expulsion Consideration of Members:

- BGCCLC initiates the process for expulsion when the member’s behaviors and needs are beyond capacity for the agency.

The programs operate with a DISCIPLINE CODE (this Discipline Code may be altered at the discretion of the Administration):
